

Lessons and Clinics

Broaden your horizon and see the world through your horses' eyes.

Are you sick of instructors telling you to “push your horse into the bridle and hold it there”? only to find that your horse gets heavier as your arms fatigue.

Too often people are not shown the right way to get the horse to accept the bit and go forward softly and freely.

Come to a Micheal Bingham clinic, where Micheal will cater to your individual needs. To teach you and your horse to work in unison, no more fighting, no more blistered hands.

Micheal is classically dressage trained as well as an accomplished reiner. As a instructor he can cater for any level in dressage, hacking, reining and general riding.

Micheal can get to the bottom of those nagging problems, and is never too shy to hop on and see where your problems lie.

You and your horse will enjoy reaching and learning to understand each other. Watch problems disappear as you gain your horses respect.

Clinics will be available throughout the year.

If you are interested in Micheal taking on your horse for training (please note that he no longer breaks in horses), or if you are interested in coming to a clinic, please contact Micheal on 0412535391 or email micheal@binghamtraining.com.au

Micheal is also looking at having a “mothers group” 10 am to 2pm (venue to be decided) please contact him if you are interested.
